RETRACTABLE CASSETTES

An excellent tool for public presentations!

BannerUp is an ideal product at exhibitions, events, conferences and sales promotion campaigns, as well as being a perfect "companion" for sales people on the road. The graphic banner is well protected in a metal cassette and is simply pulled out. In less than one minute your presentation is ready.

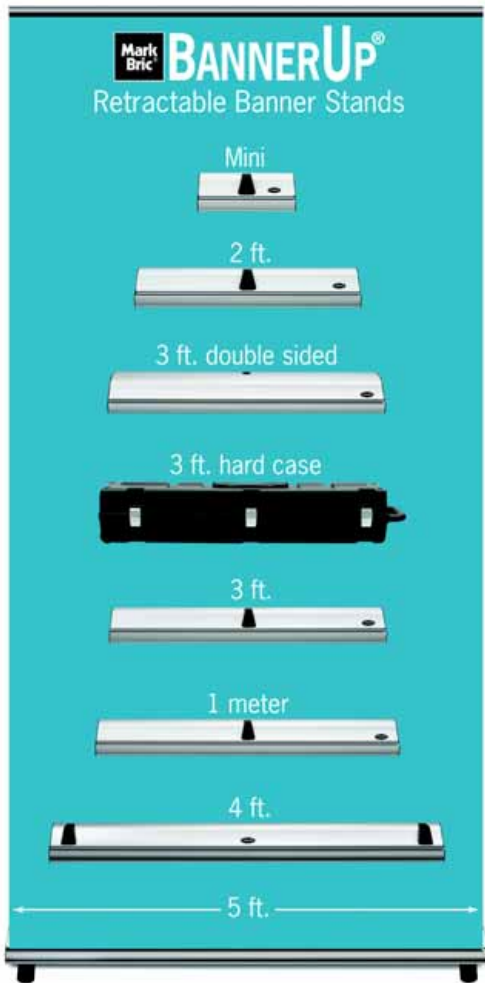

3 ft. BannerUp Plus is the marketplace favorite

The Mark Bric BannerUp family continues to grow, making it one of the most complete lines of retractable (roll-up) banner stands on the market! From the tabletop Mini to the 118" high and 5 ft. wide Big Plus model, there is a Mark Bric BannerUp to suit every need, each one offering:

- **Top quality – no compromises**
- **Patented banner Quick-Change**
- **Easy tension adjustment**
- **Multi-height capability**
- **Side-by-side connection**
- **10 year warranty**

4 BannerUp

BannerUp Plus

BannerUp PLUS is our design model with a modern and elegant look. The visible front rim of the cassette is only 1.6" high, focusing full attention on the banner. The banner graphic, being unobstructed, is in full view. BannerUp Plus is produced in aluminum with low weight for increased portability and equipped with hideaway swivel-feet for increased stability if needed.

The BannerUp Plus units are delivered in a well designed carrying bag with extra thick padding for shock-proof protection against damage during transport. For the 3 ft. unit you have the option of a hard case on wheels (a flight case) as an alternative. Read more about the hard case on page 6.

Item No.	Width	Height	Weight*	Case/Bag
81114	2 ft.	83"	9.9 lbs	Carrying bag
81115	3 ft.	83"	13.2 lbs	Carrying bag
81120	3 ft.	83"	17.6 lbs	Hard Case
81116	1 meter	83"	14.3 lbs	Carrying bag
81117	4 ft.	83"	19.8 lbs	Carrying bag
81118	5 ft.	83"	22.0 lbs	Carrying bag

*All weights are including bag/case.

All units include a bag/case and 1 pair of "Quick-change" banner rails (top and bottom).

For extra height, add extension poles (see accessories page 6 & 7), or choose the 118" high "Big Plus" units – see page 5.

The "Double Plus" is **extremely** stable and is available in the standard size of 3 ft. x 83". Add extension poles for greater heights. Wheeled carrying case included for ease of transport.

Double Plus

Item No.	81125
Width	3 ft.
Height	83"
Weight*	31 lbs

*Weight is including bag.

BannerUp Mini

- the perfect demo tool!

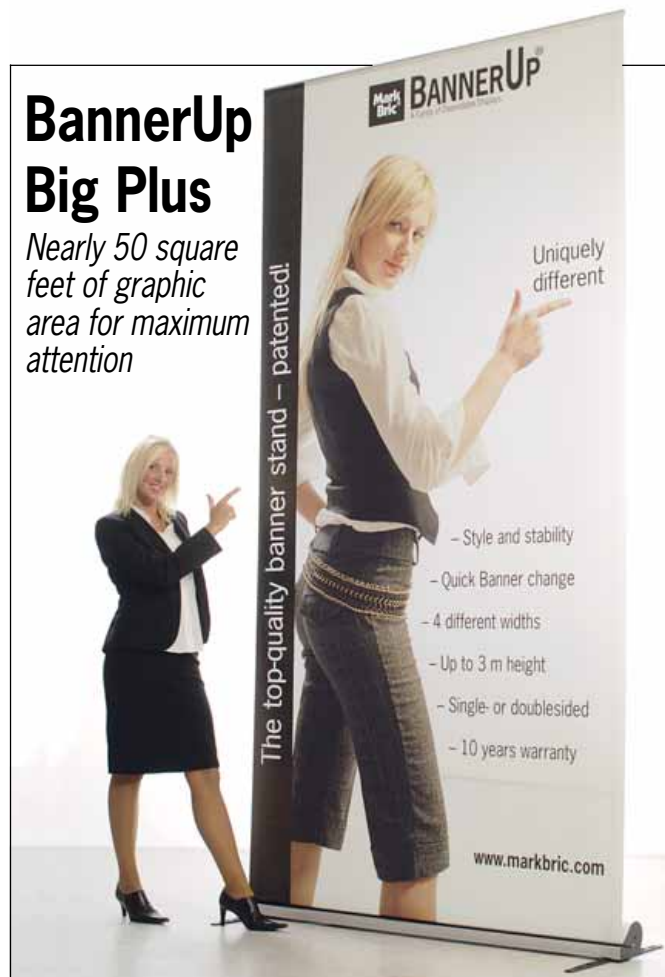

Our table top unit with the same unique BannerUp features as the full size models. Carrying bag included.

Item No.	Width	Height	Weight
81130	10"	18"	5 lbs

BannerUp Big Plus

Nearly 50 square feet of graphic area for maximum attention

The Mark Bric "Big Plus" is available in widths of 4 and 5 ft., with a **total height of an impressive 118"**. These larger sizes offer completely new and improved possibilities to display your graphic images to maximum effect.

Item No.	Width	Height	Weight
81137	4 ft.	118"	20.9 lbs
81138	5 ft.	118"	23.1 lbs

The "Big Plus" units are equipped with extra long metal support feet for best possible stability.

BannerUp Original

BannerUp ORIGINAL was developed by Mark Bric in 1999, the first retractable banner stand with our patented Quick-Change banner feature. Most customers now prefer the lighter weight, elegant looks, and included soft carry case of the Plus models, but the Original is still frequently chosen as a lower priced entry point.

BannerUp ORIGINAL comes in a re-usable and practical **cardboard carry box** with shock-proof protection. The steel cassette is finished with a durable anthracite powder coat.

NOTE: Limited quantities of the outgoing silver/grey are available as supplies last.

Item No.	Width	Height	Weight
81010	3 ft.	81.5"	16.6 lbs
81011	1 meter	81.5"	17.6 lbs
81012	4 ft.	81.5"	20.9 lbs
81013	5 ft.	81.5"	26.4 lbs

*All weights are including bag.

All units include 1 pair of "Quick-change" banner rails (top and bottom).

Standard height is 81.5". For extra height, add extension poles (see accessories page 6), or choose the 118" high "Big Plus" units.

Carrying bag and hard case on wheels may be purchased separately (see accessories page 6).

BannerUp

- connected units

BannerUp is ideal to connect side-by-side to achieve a larger backwall. Thanks to the unique design of BannerUp, **the gap between the separate banners is kept at a minimum.**

A simple plastic connector (+ one spare) is included, free of charge, with the delivery of all BannerUp units. A stronger and more secure metal connector can be purchased as an accessory.

Metal connector 135°	89012

"QUICK-CHANGE" MOUNTING KIT

For BannerUp Plus and Original

Easy banner change

This patented invention by Mark Bric enables you to repeatedly use different banners in the same cassette. Just slide the old banner out of the cassette and replace it with a new one.

EUR patent no. 1285421. U.S. patent no. 7,040,372. Canada patent pending no. 2423412.

Quick-change kits are available for permanent mounting on your replacement banners. The kit contains one pair of rails (top and bottom) including top quality 3M mounting tape and security push pins (black and white color).

	Mini	2 ft.	3 ft.	1 meter	4 ft.	5 ft.
Rail Set	81019	81022	81020	81030	81040	81050
Bottom rail only	N/A	89179	89183	89259	89304	89354

Bottom rail only used with SnapLock top rail

Please observe: One quick-change mounting kit is included with each BannerUp cassette unit, enabling the first banner to be installed.

PADDED CARRYING BAG

Our carefully designed carrying bag with extra thick padding gives shock-proof protection against damage during transport. A convenient shoulder strap is also attached.

HARD CASE ON WHEELS – "Flight case"

Send it by truck or check it in at the airport – no problems!

Nesting design allows two units to be joined together with lashing straps for easier transport.

Hard case	5041
Shoulder strap	5042
Lashing strap	5043

Please note: When ordering the 3 ft. cassette, item 81120, one hard case is included.

An extremely strong injection molded case for the 3 ft. units (Plus and Original model). Equipped with top quality metal latches. Designed to be pulled along on built-in wheels, carried in hand with the comfort grip handle or over the shoulder with the accessory shoulder strap.

LUXUS SHIPPING CASE

This tough, high impact polyethylene case makes a great way to ship multiple BannerUp cassettes. The Luxus case has built-in wheels and handles, and holds up to four 4ft. BannerUp units, each in its own soft case. 12x15x53"

Luxus case 5082

BANNERUP 5 FT. CASE

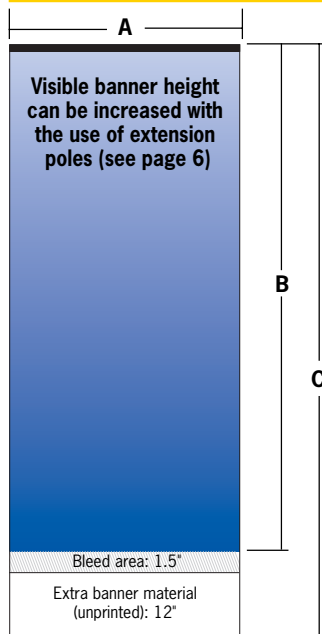

Two 5 ft. BannerUp cassettes create a full 10 ft. backwall - carry them or ship them together in this convenient new 2 - pack case, with built-in wheels and handles. 13x8½x63"

5ft BannerUp Case 5083

Printing material

The banner material can be vinyl, polyester films, fabric, double sided laminated paper etc..
Recommended maximum thickness of material: 0.018" (18 mil)
The material should be supple enough to easily roll around the roller.

LEAFLET HOLDER

On many occasions your visual display needs to be accompanied by give-away printed material. BannerUp has a solution for this by offering a leaflet holder in letter size, which can be connected to the banner stand.

The leaflet holder comes with an extra pole and pole holder. It can be folded together and packed in the regular BannerUp carrying bag/hard case during transport.

Leaflet holder 89013

Also have look at our popular literature rack, the SwingUp, on page 17!

More unique Mark Bric BannerUp features

Security push pins

All "Quick Change" rails are equipped with high bond 3M tape to glue the banner securely to the top and bottom rails. For extra security use our push pins (black and white color), which are included at no extra cost with all deliveries.

Tension adjustment

All cassettes are pre-tensioned before delivery, and they can be re-tensioned or adjusted in the field if needed using only a screwdriver and a little care. Instructions are included with every unit.

Especially for fabrics - SnapLock top rail

You can also use our snap-lock BannerRail as top rail for the BannerUp units - recommended especially for lightweight fabrics.
