

SNAPUP STRETCH

Our newest SnapUp addition offers **the quickest and easiest way** to set up and display a seamless large format graphic print. Ideal to use at short-term events and exhibitions when time is a decisive factor.

The graphic image is printed on a **stretch** fabric material and then attached to the system with velcro tape. In erecting the system, the fabric is automatically stretched out and a smooth surface is achieved. The printed fabric **remains attached to the system** also during take-down and storage in the protective carrying bag/hard case.

You can also choose to remove the fabric between each event and store it separately –re-attach in 5 minutes.

The SnapUp Stretch is available in a straight design and in two different sizes, **3x3** (87½" x 87½" front face) and **2x3** (59" x 87½" front face). You can choose to have the fabric covering the ends, or just use the front side as your display area.

PORTABLE LITERATURE RACK

Offer your printed material in an organized way

Our foldable literature rack for organizing and displaying brochures, flyers and catalogs, is an excellent addition to the Mark Bric product range of portable displays. The 5-shelf stand comes flat-packed in a strong nylon bag and unfolds in seconds. Extremely user-friendly!

SwingUp comes conveniently packed in a nylon carrying bag. Choose a bag **with or without wheels**. The literature rack is available in matte black or silver gray color.

Rack w/carrying case	83020
Rack w/rolling case	83025

- Extra foot support for outstanding stability
- Secure double-locking set-up
- Superb durability and a 5 year warranty
