

**Banner Stands**

**Mark Bric BannerUp<sup>®</sup> Lite**

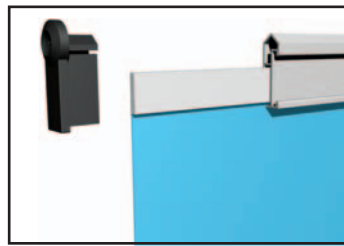

This elegant new line of banner stands blends the best of all worlds - extremely light weight, low-cost, and user-friendly versatility. The standard 3 ft. width (34<sup>5</sup>/<sub>8</sub>"") is the same as our retractable BannerUp series. But now, thanks to this flexible new design, custom widths and double-sided capability are also available! The telescoping pole provides tension at any height between 5 and 7 ft. (5<sup>1</sup>/<sub>2</sub> to 7<sup>1</sup>/<sub>2</sub> ft. for the double-sided model). Both styles accommodate banners of practically any width. All of the stands feature a version of our popular Quick-Change banner mounting system, so you can mount your banner without the need for grommets or sewn pockets. From point-of-purchase applications to trade shows, the addition of the new Mark Bric BannerUp<sup>®</sup> Lite assures a Mark Bric solution for all your display needs

The sleek, slim lines of the Mark Bric BannerUp Lite enhance the banner.
